Portable chain driven Pipe Gas cutting Machine

- Portable light in weight yet robust.
- Can cut any pipe diameter from 100mm and upwards.
- Cuts up to 100mm pipe thickness.
- Cuts bevels up to 45deg on both the sides.
- Operates on 220/110 Volts AC Single Phase.
- Electrically hand held remote control operated.
- Standard chain used for clamping.
- Easy to operate with proven performance.

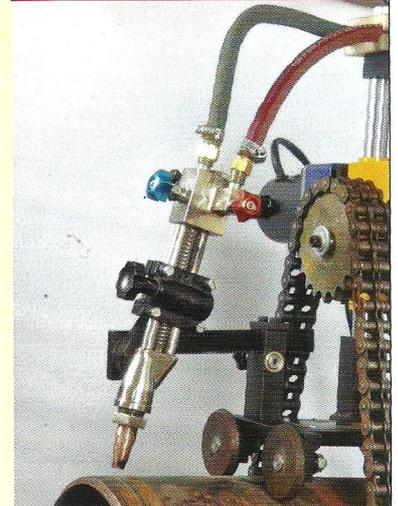

Auto pipe is a lightweight, portable yet a robust chain type pipe cutting machine it can be used on large field jobs as well as in a small workshop. The machine is lightweight yet robust. The other parts of machine are of stainless steel and special brass alloy making it rust free.

Auto pipe is simple and easy to operate. It can cut pipes from minimum 100mm Diameter To any larger diameter of pipe by quickly extending/reducing the length of the chain. It can also be operated in clock wise or anti clock wise direction from either side of the machine. It is operated electrically by a wired remote controller.

Auto pipe can cut pipes from 5mm to 100mm pipe thickness, by choosing correct nozzles size The machine can cut bevel up to 45* by selecting the required degree on the torch holder of the machine. The machine torch can be adjusted 70mm vertically and 150mm horizontally along the pipe surface by rack & attachments. The torch control valves, machine operating handles, are all located near by for quick and easy operation.

Auto pipe can be used for cutting stainless steel and other non ferrous pipes by using plasma cutting torch. The torch holder to suit your plasma cutting torch can be supplied as an optional attachment.

Features

Specifications

Effective pipe diameter	100mm onwards
Cutting capacity	5mm-100mm max.
Cutting shapes	Square & Bevel up to 45deg.
Drive	40W.PMDC geared motor.
Traveling speed	450mm-75mm per min.
Voltage	220/110V AC
Max Current	3 Amps.
Cutting torch	Injector type.
Max torch adjustment	V-70mm. H-150mm.
Gas connection	1/4" G
Dimensions	L250 x B380 x H380
Weight	12 Kgs. without chain

Standard Accessories

Machine Torch	1 No.
Torch Holder	1 No.
Torch Holder Bracket	1 No.
Std. Chain	6 meters.
Set of Spanners	2 Nos.
Set of Nozzles	3 Nos.
Wired motor remote	1 Nos.
Operating Instruction	1 No.
